

# Listening Session

Disability Rights Wisconsin and our project partners are holding listening sessions about Healthy and Safe Relationships for people with intellectual and developmental disabilities. Information from this listening session will help inform us in developing a Healthy and Safe Relationship Curriculum

## Self-Advocates

You are invited to share your thoughts and experiences about:

- How did you learn about relationships?
- Did you learn about Healthy or Safe Relationships?
- What did you learn? What was missing? What would you want to learn?
- What should we include in a class about Healthy and Safe Relationships?
- How do you learn best?
